

# BIOGRAPHY

Since he was in the third grade, He had a strong connection with electronic music. When he discovered the sounds of House music, the passion for music grew even bigger. It was at his first visit at Sunset Festival, he became immediately hooked to the Clubsound what Tech House had to offer.

Since then, his passion grew even bigger. When he discovered a way to produce his own Tech House tracks, the inspiration kept flowing which resulted in some groovy club bangers like: Feel, Dont Stop The Music, Shake Your Body.

After his musical journey in the studio took off he started performing at gigs which resulted playing at Sunrise Festival. At these events he shared stages with well known Belgian dj's like 5NAPBACK, Michael Amani, Robert Falcon and many more.. more shows are yet to be announced. So his year is already looking good so far!
